

## 定期健康診断実施に係る注意事項について

### 1. 「胸部X線」検査

- ・ 新入生（1年，M1，D1）のみ対象です。
- ・ 医学部生，医学系研究科生は全学年が必須です。
- ・ その他の学部・研究科は希望があれば受検できます。
- ・ 教育実習予定学生，就職，奨学金等で診断書を要する学生には受診が必要です。（受検されず，診断書が必要となった場合は，他院にて受検していただきます。）

### 2. 健康診断証明書

4月の定期健康診断を受診していない場合，2023年度の健康診断証明書は発行できません。（特に留学生については，健康診断書を必要とすることが多々ありますので必ず受診してください。また，2022年10月に実施しました定期健康診断(秋期)を受けた学生も対象となります。）

診断書が必要な時は保健管理室にて随時発行しますが，奨学金・入寮手続き等の場合は血液検査の診断判定が必要となるため，発行の1週間前には定期健康診断結果を持参して，保健管理室まで申し込みをしてください。その際の発行及び申し込みには，必ず本人の来室が必要です。

## **Precautions Concerning the Implementation of Periodic Health Examinations**

### 1. Chest X-ray

This examination is only for new students (1st year, M1, D1).

The examination is required for all students in the School of Medicine and Graduate School of Medicine.

Other faculties and graduate schools can take the examination if they wish to do so.

Students who need a medical certificate for educational training, employment, scholarship, etc. must take the examination. (If you do not take the examination and a medical certificate is required, you will be asked to take the examination at another hospital.)

### 2. Health Examination Certificate

If you have not had a regular health checkup in April, we will not be able to issue a health

(2023.03.14 追加)

checkup certificate for the academic year 2023. (Especially for international students, please make sure to have a medical checkup as they are often required to have a medical certificate. This also applies to students who received the regular health checkup (fall semester) in October 2022).

However, in the case of scholarship and housing applications, etc., a blood test is required, so please bring the results of your regular health checkup to the Health Service Office one week before the medical certificate is issued. The student must come to the Health Service Office for the issuance of the certificate and application.
